विवरण देखते हुए लाॅकल नागरिक अधिकारिता कार्यक्रम का उठाना है। यह कार्यक्रमों की विभिन्न समस्याओं में सुलभ होता है, और विभिन्न विभागों की छुट्टियों के लिए आवश्यकता है।

Disability Rights program in Jharkhand and Bihar

Disability Rights program in Hazaribag, Koderma, Giridih, Nawada, Gaya districts of Jharkhand and Bihar was started by NBJK in July 2015 for 3 years with support of Action Village Inda Big Lottery Fund, UK. This work has 32,366 identified PwDs in 2274 villages from 24 blocks of these districts. The program facilitates PwDs to be a stakeholder in the process of empowerment and entitlement realization. Disability Rights program aims to organize PwDs and makes them aware of their rights enshrined by the parliament as well as UNCRPD. This supports PwDs to be rightful, demanding and competent enough to lead a normal life as far as possible.

The program works towards increased life opportunities for Children with Disabilities through ensuring their access to education under Right to Education Act 2011. This program promotes inclusive education and village schools have been made aware of the need of CwDs. Their school enrolment is a priority and 423 CwDs have been enrolled so far in villages where parents were hopeless and indifferent towards schooling of their wards. There were 110 school intervention activities, 38 quiz programs and 475 schools have been covered under the program. 219 CwDs are being provided activities of Daily Living, Physiotherapy and Sign Language.

The PwDs have been promoted to join SHGs or to form new groups. There are 331 DSHGs with 1847 members. They participate in group activities with access to micro-credit, vocational training and lead to economic independence or support to family income. 63 PwDs have been provided small & easy loans to start their own enterprises while total 131 entrepreneurs are engaged with the works of their choice. 264 PwDs have been linked to vocational training courses. All these increased their self-worth, dignity and acceptance by the community.

Also they formed Disabled People Organizations (DPOs) in blocks to make a strong social presence. There are 20 DPOs (3 are registered) advocate for rights of PwDs and improvement in service delivery meant for them. They run independently, organize activities and keep own records. These bodies became instrumental for issuance of Disability Certificates to 2174 PwDs and benefitted 1497 PwDs with pension and other government entitlements. Also these DPOs support the program team to hold advocacy programs with government officials. Recently youths from DPOs have won state level Disability Cricket Tournament.

Disability Rights program has earned a good reputation among rural people and Government Officers responsible for service delivery to PwDs. Due to constant activities, Disability has become an issue for PRIs, elected representatives and government departments. Many block level officers like BDOs, CDOs offer their support to PwDs in case of any problem or delay for the service. They inform about inclusive schemes, aids & appliances and cooperate with the program staffs to achieve the common goal of empowering PwDs. Now the parents of CwDs insist for ADL, physiotherapy, sign language etc. as they found these activities helpful to normal life. Many young PwDs prefer to join vocational courses as they want to become independent.

Indian Parliament has passed “The Rights of Persons with Disabilities Bill - 2016”. This bill will replace the existing PwD Act, 1995 enacted 21 years back. This defines Disability based on an evolving as well as dynamic concept and includes 21 types of disabilities. Responsibility has been cast upon the appropriate governments to take effective measures to ensure that the persons with disabilities enjoy their rights equally with others. Disability Rights program propagates provisions of this new law also.
Symposium on Rural Development
12 January, Ranchi: An evocative symposium about Right Approach of Jharkhand Govt. on Rural Development in context of state budget was organized under auspices of Jharkhand Pradesh Lok Samiti. Mr. Girija Satish (National President, Lok Samiti) has suggested for right design, location and minimum depth as 15 feet for water sources being made by the government. He was for easy support to personal irrigation schemes and change in MNREGA rules. Mr. Girija has opposed compulsory membership of local MLA & govt. officials in the managing committee of private schools and called for govt. sponsored fees, scholarship and other benefits for poor children of such schools. Lok Samiti president has questioned about 75-80% health service coverage by private sector and advised for training and regulation of RMPs. He has supported outsourcing of health centers, insurance coverage for all and a fund at block level for critical patients. The program was chaired by Mr. Chandan Mishra (Bureau Chief, Dainik Hindustan) who called the budget as a continuous process and suggested to draw it from different levels for a comprehensive approach. Mr. Shriniwas and Mr. Madhukar (Senior Journalists, Prabhat Khabar) were for revival of the system to utilize money for sake of common people. The symposium was addressed by villagers from Ranchi, Hazaribag, Koderma, Giridih, Chaib, Lohardaga, Ramgarh, Gumla districts too.

Netra Vasant, Glaucoma Week and a Professional Course by LNJP(EH)
January-March 2017, Bahera: NBJK run LNJP Eye Hospital has launched a small project Netra Vasant with support of Sightsavers and BFIIL. This has ensured 1000 cataract operations and 500 power glasses free of cost for poor people. The project was inaugurated on 16th January by Dr. Rajendra Faswan (SPO, NPCB) who commended the MJO with Sightsavers for blindness control program in Jharkhand. Mr. Girija Satish (President, NBJK) has welcomed all dignitaries and informed about 24,923 OPD and 6,150 cataract surgeries by the hospital during 2016. He has mentioned Infinity a modern PHACO machine for cataract surgery and treatment facilities for Diabetic Retinopathy, Glaucoma and Medical Retina at LNJP(EH). Mr. Sudipto Mohanty (Regional Director, Sightsavers) has outlined upcoming activities by Sightsavers under partnership of the state government and NGOs to meet eye care need. Also an Eye Screening Camp was organized on this occasion that drew 275 patients from villages for eye check up and 124 with cataract were referred to LNJP(EH). During 12-18 March, the hospital has observed Glaucoma Week and offered free eye check up, medical consultation, medicines and cost effective treatment. This enabled more than 700 people to take care of their eyes with free medical consultation and medicines. In another development, the hospital management has decided to commence a residential Diploma Course of Ophthalmic Assistance from June’17. This 2 years course with limited seats for Inter Science youths will cost Rs. 20,000 only.

68वां गणतंत्र दिवस समारोह आयोजित
26 जनवरी 2017, हैजारीबाग: NBJK has celebrated 68th Republic Day of the nation with enthusiasm and Mr. girija Satish (President, NBJK) has hoisted national flag at the coordination office. Mr. Ivan Nathbrown and Miss Esther (AVI, UK) were the guests of honor on this occasion who praised India as a nation emerged from Gandhian values and congratulated all. It’s noteworthy that AVI supports NBJK to execute Disability Rights Program in 5 districts of Jharkhand and Bihar. Mr. Satish Girija (Secretary, NBJK) has recalled the year 1971 when NBJK was started. He shared about new programs and achievements in the field of education, livelihood and eye care for slum dwellers/tribal people of Patna, Khunti and Dumka. Mr. Prabhanth Sharma (Treasurer, NBJK) has appealed all

Judicious Jayanti

Ms Jayanti Kumari (20 years) is an orthopedic handicapped young girl from village-Kaarnko, block-Chandwar, District-Koderma (Jharkhand). Her father Mr. Sarju Pandit is a small farmer and daily wage labourer. Jayanti belongs to a DPL family of 9 persons including 3 brothers, 3 sisters, parents and an old grandma. She is crippled with a leg and holds the certicate for 50% disability. But this challenge couldn’t stop her to do domestic farmwork and to get education in village school. After school, she got admission in J. J. College, Koderma for B.A. but didn’t attend classes regularly. Jayanti was identified by Mrs. Neelam Devi (Field Staff, Disability Rights program) during a meeting at the village where also a DSHG is functional. Neelam Devi has persuaded Jayanti to join any vocational course for self-reliance and livelihood with dignity. Though this was not easy as her family members have opposed the idea initially. But finally, the program team and Jayanti have made her family ready to grant permission to join a 3 months course on BSPA (Bed Side Patient Attendant) by Rojgar Training Center at Tiliya (Koderma). She completed the course successfully and works with a private Health Center named Maa Durga Clinic at Bhalua Chatte, Gaya. She gets Rs. 2000 per month with accommodation and meal fee of cost. Jayanti plans to open a similar health center at her village after getting experience.
