What a Govt. Officer Says

I am Kumar Abhinav Swaroop, posted as Block Development Officer at Ormanjhi block, Ranchi and got a chance to see Child Reporters under the program by NBJK-UNICEF. This was a nice meeting as the children were confident and with a spirit like journalists. They had many queries and one Usha Kumari asked about repair of a broken bridge on way to her school at Ormanjhi. I felt guilty, went through the matter and now a new bridge has been constructed there. Also I took oath against child marriage along with those children. Second time, a child reporter Neha came to my office and shared about her proposed marriage going to be finalized by the parents soon despite her opposition. She was not willing to be married due to early age and seemed to be in need of support immediately. I collected requisite information from her, notified the police and her marriage has been cancelled. These two incidents have impressed me very much of the initiatives and boldness of children. A Couple with Difference

Mrs. Bahamuni Hansda and Mr. Bododhan Kisku of Gidhnipahadi village (Sadar block, Dumka) are PwDs couple. Both had bad experience of their childhood which started with polio attack to make them loco motor impaired and spent with an environment of insecurity with jolts like parents' separation & their death (in case of Bahamuni), insult & ignore, incomplete schooling and so on. But they stood firmly before the circumstances and brought positive changes in their lives.

Now both are skilled tailors and NBJK promoted the couple under its CBID program running with support of CBM India-DFAT Australia. These are members of local DPO and participate in it's activities keenly. Earlier they have been working with an old, hired sewing machine which was troublesome and it needed repair frequently. CBID provided two new sewing machines to this entrepreneur couple which worth Rs. 6000 for each. Recently they got an advance and automatic stitching machine to make their work easy with more output. It costs Rs. 14,000 and holds multiple functions essential for any professional tailor.

These developments enabled Bahamuni & Bododhan to feel happy and more attentive to their livelihood. Due to their sociability and backing of the DPO, they have gained a good number of customers and could earn more than Rs. 6000 monthly. Bahamuni says that *NBJK's support helped us a lot to stand and to live with dignity.*
