SECRETARY'S NOTE

Though the voluntary sector in India is facing hard time in terms of resources and in coping with lots of new legal bindings, we feel delighted that NBJK's 46th year in the development sector has been very successful by reaching larger number of direct beneficiaries and getting more funding supports than previous years. It may be due to the honesty, transparency, commitment & dedication followed at every step in execution by all the staffs and management team as well as of board members and also the trust of donors on NBJK. Having nearly 90% transaction through banks, we did not felt any problem by historical demonetization of 500 and 1000 rupee-notes in November 2016. New legal binding made our approach more systematic. Our programs have effectively touched the people from different walks of life, enabled them to cope with traverses and provided them needed support to move forward.

NBJK's schools, education centers and Girls' Sponsorship program ensured 4,992 children to their school education and our students achieved good results in 10th class Board Examination. We touched even a big number of 59,805 children under other child focused programs like Child Centered Community Development, Child Reporters, Child-line, "Saksham" - child-rights project (a new initiative in 2016-17), community based rehabilitation of children with disability programs, Lord Budha Home for Children etc.

OPD patients increased to 59,716 in Lok Nayak Jai Prakash Eye Hospital at Chouparan (Hazaribag) and Dumka. LNJEH performed 9,722 cataract surgeries and dispensed 10,164 power spectacles to restore vision of needless blinds. This year a new Vision Center got started at Godda to provide affordable eye caring for community. Rights & entitlements for PwDs (People with Disabilities) is a prime concern for us since long and we welcome Government's initiative as framing of a more comprehensive law for their rights now. We worked with a bit larger population of 47,451 identified PwDs in 4,432 villages of 9 districts (7 Jharkhand, 2 Bihar) and delivered some encouraging results as Disability Certificates for 10,263, Govt. Pension & Railway Pass for 5,135 and financial inclusion (SHGs, bank account, micro credit, vocational training, entrepreneurship development) for 3,605 people with disabilities.

NBJK fulfilled the dream of 9,218 young boys, girls and women under vocational skill training programs with 65% of them got placed or self-employed. "Skills for Life" and HRDP (Holistic Rural Development Program) have been new initiatives in this year providing sustainable livelihood & need based different support to villagers. Also the programs like Watershed, Food Security and Lakhpati Kisan have made agriculture viable and drawn more income to farmers.

NBJK's uniqueness in providing capacity building and financial support to small NGOs and social activists in Jharkhand & Bihar and promoting new generations in the voluntary sector continued, entering into some new geographical areas. Activities like anti-liquor campaign and monitoring of rural road construction have strengthened people's stake.

For all these activities and achievements, we are grateful to our donors, supporters, friends and well-wishers for their generous supports and the trust they conferred upon us. This was possible with a team of NBJK staffs and their dedication for putting the last first. We express our sincere thanks to all.

Satish Girija, (Secretary)

GENESIS

Four engineering graduates, who were highly sensitive to the causes of disparity, exploitation and poverty deserted their comfortable lifestyle and turned towards exploring ways to establish a “just society” in which no one remains hungry, unemployed, discriminated against or exploited. The four young engineers established Nav Bharat Jagriti Kendra in 1971, supported by the great Sarvodaya leader Loknayak Jay Prakash Narayan.

VISION

To establish a progressive, peaceful and just society based on the values of equality, fraternity and mutual help.

Janumpiri: A Lakhpati Village

Janumpiri is the village situated about 16 km south-east from Khunti town in Jharkhand. There are 78 Munda tribal HHs with around 400 populations settled here traditionally and they used to grow paddy as the main crop with very limited cereals and cultivates lac also normally. NBJK and CInI intervened here during Kharif season in 2014 through improved paddy cultivation and supported many HHs to grow black gram and tomato commercially. Around 19% HHs have earned Rs. 15,000 averages from tomato crop along with increased nutrition and food security. The success sprayed up to 45 HHs in the year 2015 and farmers have not only cultivated tomato, paddy and pulses but shown their interest to grow cabbage, garden pea in Rabi season and watermelon during Garma season. Timely production and the quantum of these commercial crops have linked Janumpiri with local markets and average income of growers was lifted up to Rs. 50,000. At the same time, decreased lac production due to insect attack was checked with scientific practices and income growth of lac producers was recorded as Rs. 15,000 to Rs. 40,000 in two seasons of that year. The trend continued and 55 HHs have average earning of Rs. 65,000 from farm products and Rs. 40,000 from lac for each during 2016. Three SHGs of village women play pivotal role behind this success. They grow everything systematically like tomato on up & middle land while Garma and Rabi crops get irrigation through seepage wells in the drainage line of low land. The farmers have done their job dedicatedly towards livelihood uplifting and feel proud as Janumpiri is being called as a Lakhpati village where entrepreneur farmers like Mrs. Kunwari Hassa and her husband Mr. Dola Hassa have earned Rs. 94,000 from farm based activities and Rs. 35,000 from lac cultivation during the year.

Life Choice for Lalita

It was on 29 November 2016, when Lalita Devi, a widow from Village-Marheta, Post-Chandwar, Police Station-Mufassil, District-Hazaribag, has decided to take help of FCC regarding her family problem. After death of Lalita's husband Tulsu Turi, it became difficult for her to adjust with the family of Mohan Turi, the elder brother-in-law. Mohan Turi didn't want to share ancestral property with the widow and tried to oust Lalita and her 3 children from the house. When she started to go outside for work, Mohan has blamed upon her character even. **All these actions became unbearable for me and I reached to Family Counseling Center for support,** Lalita says. The counselors at FCC have responded quickly and issued a notice to both the parties for a meeting. But Mohan Turi didn't appear on the scheduled date. As a next action, FCC has forwarded the matter before Women Police Station at Hazaribag. On 6 December 2016, Mohan Turi was present at Women PS and after cross examination, an agreement was reached that Lalita & her children will live in the house, they will get due share in joint property and Lalita is free to go outside her house to work. The parties and witnesses have signed the agreement paper and a tricky matter was solved. Follow up reports confirm for reconciliation.
